

General Information for Our Grooming Clients

We are excited to now offer basic cat grooming services. Our goal with these services is to make cats and their owners more comfortable. We do not offer "full-service" cat grooming. For example, we do not offer custom cuts or baths at this time. Right now, our focus is on kitties who need nail trims, ear/eye cleaning, sanitary trims, and de-matting / shave downs. Our staff has extensive experience in these areas with shelter and rescue cats. We do not, however, have experience in making kitties look "show quality." But if you need some help to get your cat's mats out, nails trimmed, ears cleaned, etc., then we'd love to help.

Please understand that we cannot guarantee any grooming services will be completed. We will do our best to safely handle your cat, but we cannot provide any sort of anesthesia or medication that is not prescribed by your veterinarian. We will use various techniques to calm your kitty and will provide breaks as needed. But if the requested grooming becomes too much for your kitty, we will not push him or her to complete the service.

NOTE: For the protection of your cat, our cats, and our staff, we require all kitties receiving any grooming service—even "just a nail trim"—to be current on their FVRCP (also called feline distemper, feline HCP, HCPCH, or feline combo) and rabies vaccinations at the time of check-in.

Our pricing is below. Feel free to reach out to us at meow@boopsandbeanscatcafe.com with any questions or to schedule a service!
